MAGNUM RIMFIRE SERIES

A17 XP 17 HMR

Savage Arms™ made firearms history when it introduced the A17™. The platform is the first high-performance semi-automatic rimfire specifically designed for the 17 HMR cartridge, and its unique delayed-blowback action provides safe, reliable operation with standard 17 HMR loads. The new A17 XP model features a Bushnell® A17 scope that comes mounted and boresighted, making it easier than ever for shooters to get from the store to the field or range. For peak performance, pair the A17 XP with CCI® A17 Varmint Tip ammunition.

Features & Benefits

- First semi-automatic rimfire platform designed from the ground-up for the 17 HMR
