#### **Model 42 Takedown**

Way more than just a novelty, the new Model 42 Takedown shotgun-rifle combo is a must-have, survival, truck, camping and more gun! The firearm breaks down with a simple push of one button and includes an Uncle Mike's® Go Bag, so you can easily transport it anywhere. The Model 42 Takedown has an easy-to-use break-action design that fires rimfire rounds from the top barrel and .410 bore shotgun shells from the bottom.

The Model 42's short length-of-pull and light recoil make it a perfect starter gun for young shooters. The barrels are matte black to prevent glare and the sleek synthetic stock is weatherproof. The Model 42 is available in 22 LR over .410 and 22 WMR over .410. The Go Bag features MOLLE loops for attaching other gear, a robust carry strap, and several pockets for ammo and gear.
