

## **2015 NEW PRODUCTS**

### **MAGNUM RIMFIRE SERIES**

---

#### **A17 17 HMR**

Savage Arms™ continues its track record of innovation with the all-new A17, the first high-performance semi-automatic rimfire specifically designed for the 17 HMR cartridge. Its unique delayed-blowback action performs to its peak with new A17 Varmint Tip ammunition, which CCI® developed specifically for the rifle. The A17 also provides safe, reliable operation with standard 17 HMR loads. The hard chrome bolt, case-hardened receiver, 10-round rotary magazine and button-rifled barrel boost performance even further, while the user-adjustable AccuTrigger™ provides a crisp, light pull for the best possible accuracy.

#### **Features & Benefits**

- First semi-automatic rimfire specifically designed from the ground-up for the 17 HMR
