**AXIS XP**

The fastest way to go from the store to the stand just got better. The redesigned AXIS XP has been updated with a new, ergonomic synthetic stock design and paired with a carbon steel, sporter-contour barrel. The package rifle is ready to shoot, right out of the box, thanks to a mounted and bore-sighted Weaver® 3-9x40mm scope that gets the most accuracy from the button-rifled barrel, thread-in headspacing and floating bolt head. Now available in compact and standard models to fit any shooter.
