

BETTER COMES STANDARD.

**RASCAL FLV-SR**

Squeeze even more accuracy from the industry’s safest micro rimfire. The Rascal FLV-SR delivers pint-size precision thanks to a heavy barrel with a threaded (1/2-28) muzzle. Like the original Rascal, the left-hand, single-shot rifle cocks by lifting the bolt and unloads easily—without pulling the trigger. The design also builds superior shooting skills thanks to full-size rifle features, including a tough synthetic stock and Savage’s user-adjustable AccuTrigger™ system.

**FEATURES:**

- Left-hand model
- Safe, accurate, easy to use
- Manual safety
- Unload without pulling the trigger
- Adjustable peep sights
- Adjustable AccuTrigger
- Feed ramp
- Cocks by lifting bolt
- Carbon steel sporter barrel
- Synthetic stock with 11.25-inch length-of-pull
