RIMFIRE SERIES

B Series Bolt-Action Rimfires

Savage has added to its line of modern new firearms with the B Series bolt-action rimfire rifles: B22, B22 Magnum and B17. The new models' ergonomically designed stock, higher comb, top tang safety and target-style, vertical pistol grip allow shooters to hold the rifle in a more natural position that puts less pressure on the wrist. The B Series includes a dozen new models in configurations including Sporter Barrel, Heavy Barrel, Heavy Threaded (suppressor ready) and Heavy Stainless. Like the popular A Series rimfires, all B Series rifles feature a 10-round rotary magazine and the accuracy-boosting adjustable AccuTrigger™.
