Savage® teamed up with PROOF Research® to craft a barrel specific for a purpose driven firearm. The 110 Ultralite is designed to combat elevation and elements while maintaining the performance of a factory blueprinted Savage 110 action. The carbon fiber wrapped stainless steel barrel and melonite skeletonized receiver minimize weight for success on any mountain

hunt. The rifle comes equipped with Savage's AccuFit™ technology with adjustable length-of-pull and comb height to provide hunters with optimum fit and performance. This new extension features a Savage Woodland camo for the ultimate concealment. The user-adjustable AccuTrigger™ allows crisp, clean shots to close out successful hunts.
