

12 PALMA

Features:

- Single-shot Target Action
- Fully adjustable wood laminate stock
- 30-inch, button-rifled, stainless steel heavy barrel

Winning sometimes really is everything. That's why we build the Model 12 Palma. It provides the extreme precision competitive long-range shooters need, thanks to the user-adjustable Target AccuTrigger™, which fine-tunes pull from 6 ounces to 2.5 pounds, and a 30-inch, stainless steel heavy barrel that's button rifled and perfectly balanced with the fully adjustable wood laminate stock. The 12 Palma includes an oversized bolt handle and single-shot Target Action.
