Savage Arms[™] has two Sporter models to its A17[™] lineup. The platform is the first high-performance semi-automatic rimfire specifically designed for the 17 HMR cartridge, and its unique delayed-blowback action provides safe, reliable operation. Standard features such as a hard chrome bolt, case-hardened receiver, 10-round rotary magazine and button-rifled barrel boost performance even further, while the user-adjustable AccuTrigger[™] provides a crisp, light pull for the best possible accuracy. The new Sporter models feature heavy barrels and gray wood laminate stocks for updated styling and

increased accuracy.
