SAVAGE

A22 PRECISION

Features:

- Custom 1 Piece MDT Chassis machined from billet aluminum
- Adjustable length of pull and comb height
- 18” heavy threaded barrel w/ flush cap
- 1 Piece Picatinny rail
- 10-round detachable magazine
- Oversized charging handle

The 22 LR doesn’t usually get this kind of treatment. But Savage has always regarded the humble rimfire as a worthy challenge. And now the A22 Precision stands as the showcase to Savage’s love affair with the 22 LR. With its heavy threaded barrel riding proudly above the Modular Driven Technologies (MDT) chassis, this is one rimfire that is built to perform.
