

11 LIGHTWEIGHT HUNTER

11 LIGHTWEIGHT HUNTER

FEATURES:

- Compact, flyweight design with reliable accuracy
- AccuTrigger™ for crisp, personalized trigger pull
- Oil-finish American walnut stock; 20-inch, carbon steel barrel

OVERVIEW:

The Model 11 Lightweight Hunter offers a compact, flyweight design perfect for long hauls or tight quarters, without sacrificing Savage Arms'™ hallmark accuracy and reliability. Weighing just 5.5 pounds, the short-action rifle features user-adjustable AccuTrigger™ technology for fine-tuning trigger pull. Relief cuts in the receiver, a spiral-fluted bolt, lightweight contour barrel and material removed from the fore-end keep weight to a minimum. Blending style and function, the 20-inch, carbon steel barrel is button rifled with a striking oil-finish, American walnut stock. It's drilled and tapped for scope mounts, with detachable 4-round box magazine.
