- Includes Modified choke tube

### OVERVIEW:

Shotguns should bring down birds, not your bank account. That's why we build the Stevens 320 Waterfowl. It offers the specialized features practical duck and goose hunters need, including a tough synthetic stock dipped in Mossy Oak® Shadow Grass Blades camouflage, interchangeable choke tubes and a green fiber-optic front sight. It also boasts the same reliability as the other 320 models, thanks to dual slide bars and a rotary bolt.
