OVERVIEW:

Savage Arms™ has two Sporter models to its A17™ lineup. The platform is the first high-performance semi-automatic rimfire specifically designed for the 17 HMR cartridge, and its unique delayed-blowback action provides safe, reliable operation. Standard features such as a hard chrome bolt, case-hardened receiver, 10-round rotary magazine and button-rifled barrel boost performance even further, while the user-adjustable AccuTrigger™ provides a crisp, light pull for the best possible accuracy. The new Sporter models feature heavy barrels and gray wood laminate stocks for updated styling and increased accuracy.
