- User-adjustable AccuTrigger
- AccuStock rail system secures the action three-dimensionally along its entire length
- Gray synthetic stock
- Matte black button-rifled barrel
- Detachable box magazine
- Soft grip overmold fore-end and pistol grip surfaces
- New Model 110 design and ergonomics
- Drilled and tapped for scope mounts

## OVERVIEW:

Built for any hunt—and any hunter. The accurate, hard-hitting Savage 110 Hunter's AccuFit™ system makes it easy to customize the length-of-pull and comb height for a personalized fit, while the user-adjustable AccuTrigger offers a crisp, clean pull. Together with the AccuStock™, which secures the action three-dimensionally along its entire length, the 110 Hunter provides the fit and function of a custom rifle—right out of the box. The matte black barrel's button rifling provides tag-filling accuracy whether the target is antelope, elk or anything in between.
