- 4-round detachable box magazine
- New Model 110 design and ergonomics

110 VARMINT

OVERVIEW:

The Savage Model 110 Varmint offers the impeccable accuracy needed to connect with small, distant targets. Its AccuFit™ system lets prairie doggers and other varmint hunters easily customize the length-of-pull and comb height for a personalized fit, while the user-adjustable AccuTrigger™ offers a crisp, clean pull. Together with the AccuStock™, which secures the action three-dimensionally along its entire length, the 110 Varmint provides the fit and function of a custom rifle—right out of the box. Its 26-inch heavy barrel is button rifled and held securely within a rugged synthetic stock. It features a detachable 4-round box magazine and fast-handling oversize bolt.
