

B22 BNS-SR

B22 BNS-SR

FEATURES:

- Timber hardwood laminate stock with ergonomic design
- Matte black carbon steel sporter barrel
- Thread-in headspacing
- Threaded with cap for 1/2-28
- User adjustable AccuTrigger™
- 10 round detachable magazine
- 2-Piece Weaver style bases

OVERVIEW:

A modernized, ergonomic, laminate stock coupled with the sleek look of the button rifled carbon steel barrel, allow for optimal accuracy from a shooter. The higher comb, top tang safety, and target-style, vertical pistol group allow shooters to hold the rifle in a more natural position, putting less pressure on the wrist. All B Series rifles feature a 10-round rotary magazine and the accuracy-boosting user-adjustable AccuTrigger™. All three rifles also use thread-in zero tolerance headspacings similar to Savage centerfire rifles to produce the most consistent accuracy
