OVERVIEW:

The Savage modernized line of firearms is getting a little more rugged. The B17 and B22 rifles were introduced to bring an ergonomically designed rimfire rifle to the market with a higher comb, top tang safety, and target-style, vertical pistol grip to allow shooters to hold the rifle in a more natural position. These modernized rifles now feature a Mossy Oak Overwatch stock, the official camouflage of the National Rifle Association in order to bring a little more vitality to the range.
